

An aerial photograph of a multi-lane highway completely clogged with cars, illustrating a traffic jam. A large, thick red 'X' is drawn over the image, with the word 'SWINGH' positioned at the top of the crossbar. The text 'Modern vervoermanagement met aanpak vanuit de markt' is centered below the 'X'. At the bottom right, the title 'Rapportage van een haalbaarheidsstudie' and the date '8 September 2004' are visible, along with 'Revisie 01' below it.
